## Happy November!

*~ November is the month to remind us to be thankful for the many positive things happening in our life. ~*

**Gratitude:** *grat-i-tude: noun: The quality of being thankful; readiness to show appreciation for and to return kindness*

Veterans Day is a federal holiday in the United States observed annually on November 11, for honoring military veterans of the United States Armed Forces.

Whether you celebrate Thanksgiving with your own families, with your family here at The Shore View House, or maybe not at all, it's always the right time for a little gratitude. Being thankful isn't just to those whom you express your gratitude towards. Being thankful also has a positive effect on your own mental health! This month remind yourself of all of things you are grateful for. This may include a warm bed, a safe home, food in your belly, or even a person in your life that you're just thankful that they exist. Take a moment when you can to feel the warmth of your gratitude for all you have or have had in this life!
