## April Showers Can't Stop Us!

Spring has sprung! As temperatures warm we look forward to the return of life outside. Birds chirping, flowers blooming, and trees filling with lush green welcome us out of the winter hibernation. In addition to reveling in the crisp spring air we will celebrate a few other April occasions like National Poetry Month! We will also visit the student run cafe, The Tiger's Den at Lynn Tech, and make our return to the Peabody Senior Center to see the Big Band play!

## National Poetry Month

April is National Poetry Month. This month we will celebrate the beautiful craft that is poetry. Weaving words together to tell a story or share a feeling. As part of our celebrations, we will get together and build a poem as a group. Later in the month we will have our annual poetry reading featuring a mix of famous poems and some lesser known pieces. Residents, staff, family & friends; we would like to invite you to share a poem with us. If you have a favorite poem or have written a poem yourself please see Sue or Chelsea by 4/17 so we can include it in our reading.

## Earth Day

Earth Day 2024 is Monday April 22nd. It was first observed on April 22nd, 1970, as a demonstration in support of environmental protection. 20 million Americans, about 10% of the population at the time, took to the streets to protest against environmental ignorance and demand change. This gave way to the modern environmental movement. Ways to honor the environment on Earth Day and beyond include: conserving water, planting trees and other plants that support our native pollinators, recycling, not littering, and more.
