Love is all around you

It is the season of love and for many of us that is something to celebrate. However, for others this may be a hard time of year. As we remember lost loves and the heartaches, we also find moments to appreciate all the love that remains.

When you think of love, particularly on Valentine's Day, we tend to focus on romantic love but in doing so we may lose track of all the other ways we give love and are loved.

Simple gestures are easy to over look but they can say so much, including; saying I love you. Sometimes the words "I love you" may be absent but if you listen with your heart you can hear them:

I brought you a coffee (I love you). Drive safe (I love you). Do you need anything? (I love you) Can I take care of that for you? (I love you) This made me think of you (I love you).

Take a moment to reflect on all the ways you show your love, with or without explicitly saying so. Notice all the love that is shown to you in return.

In what ways do you show your love?
In what ways do you feel most loved?

love there is
life."*
